SOLID. VICTORY!

A Banner Northwest

Add Four to the Majority

PERLEY ELECTED.

His Majority the Largest.

AND HE CARRIES THE BANNER.

On Tuesday morning last, the day
of the election, both parties in town
were early astir and by nine o'clock
McLean's Hall became the scene of
bustle and votes began pouring in
for Messrs. Perley and Dickie.
During the first hour the former
took the lead and held it all day,
being 15 ahead here at the close of
the poll. Mr. C. C. Bailey was
deputy returning officer and Mr. J.
A. Maccaul poll clerk. Mr. R.
Dundas Strong was scrutineer for
Mr. Perley and Mr. Bart for Mr.
Dickie. A game of bluff was in-
augurated by the longling Grit
scrutineer on the start in sweating
Perley supporters without reason
which was the cause of arousing
some bitter feelings and of retaliation
by the Conservative scrutineer
having Dickie men sworn who
should not have been. This ac-
tivity was continued at intervals
during the forenoon. At noon reports
began to pour in which indicated a
good lead at different points in the
district for Mr. Perley, and at 15
o'clock he was reported by wire as
being 340 ahead all along the line of
railway. Both parties, however,
continued to work hard right up to
five o'clock, when the vote at Qu'
Appelle stood for Perley 88, for
Dickie 75.

In every part of the district the
contest was waged under the most
determined and persevering effort on
both sides, but its inequality was
more apparent elsewhere than in
Qu'Appelle. The only hope of the
opposition must have been to save
their deposit, of which at present
there is great question from the re-
turns received, they certainly could
not have been so deceived with their
strength as to suppose that they had
any chances of a success.

The result of the polling at the
close as far as heard from is given
below:

SASKATCHEWAN.	
North Battleford,	74 74
South Battleford,	72 53
Regina, majority,	3 9
Humboldt,	3 9
Prince Albert, majority, 115	
St. Laurent,	90 140
Batoche, majority,	43
Saskatoon,	10 21

Majority for Macdonald so far as
heard 195. The places to hear
from will probably increase Mac-
donald's majority.

tainable at time of going to press,

has a majority as far as he has heard
of 551.

VICTORY.

Sound the loud tin pan from mountain to
wave,
Perley has triumphed Assiniboia to
wave,
Sing for the pride of your Dickie is broken.
The Grits and their chariots all splendid and
brave.
Hail, van you, their besting, "The
People's" bath spoken.
And Grits and their chariots are soon made
to wave.
Sound the loud tin pan from mountain to
wave,
Perley has triumphed Assiniboia to
wave.
Faire to the Northwest, praise to Sir John,
"The People's" bath spoken, the victory is
won.
Who shall return to tell Blake the
story
Of those he sent forth in his hour of pride
For Sir John both looked out from his
pillar of glory
And Grits in their thousands are dashed in
the tide.
Sound the loud tin pan for in the Northwest
Good government has triumphed, the people
are blessed.

RAILROAD ACCIDENT.

A railroad accident occurred near
Boston on Monday last on the
Dedham branch of the Boston and
Providence Railroad between Forest
Hill and Rosendale, by which 33
persons were killed, and 49 seriously
injured. The seven o'clock train
from Dedham to Boston, consisting
of seven passenger cars and baggage
car, broke through what is known as
Bossey Park bridge. The cause of
the accident is said to be the break-
ing of the truck of one of the cars
causing the car to strike the abut-
ment of the bridge and making it
fall.

to the people. It is a fine cure.

REJOICINGS.

HURRAH FOR PERLEY.

WILD ENTHUSIASM.

At Wolsley there was great re-
joicing over the victory of Mr. Per-
ley. As soon as the returns were
received and his election assured his
friends gathered the material for a
bonfire, and prepared a figure which
was labelled to represent the beef
contract libeller. A pile of barrels
was made and the figure placed
upon it, with a large beef bone in
its mouth, the whole being saturated
with coal oil, and lighted, when it
blazed up amid the cheers of the
celebrators. Thus the last of the
beef contract slander perished. A
life and drum band helped to en-
liven the occasion. When the jubila-
tion was at its height, the west
bound train came in; this was head-
ed by Mr. Perley, and at Indian
Head the train was met by many of
his friends, and the cheering was
most enthusiastic when he appeared
on the platform. The train came to
Qu'Appelle where Mr. Perley
was met by the brass band and a
large crowd of the citizens. On the
appearance of our newly elected re-
presentative, the air was rent by
the rousing and jubilant cheers of
the victors. Both Mr. Perley's
hands were kept busy for several
minutes shaking with those who
crowded round him to offer their con-
gratulations. A number of Mr. Per-
ley's friends then suddenly placed
him upon their shoulders and bore
him in triumph to the Leland House
where a halt was made, and Mr. Per-
ley greeted by his friends, the band
playing the while in front of the
House. The procession then started
round the block halting at the
Commercial hotel, and finally bring-
ing up at the Queen's, where Mr.
Perley addressed the crowd from the
second story door. He thanked
them for the grand reception given
him, expressing his gratification at
the glorious results of the day, and
expressed his determination to re-
present them to the best of his
ability. All then repaired to the
billiard room where short speeches
were made by Messrs. McLean,
Davidson, Patterson, Dadds,
of Wolsley, and others. Cheers were
again given for Mr. Perley and also
for Sir John Macdonald. In the
enthusiasm and rejoicing of the
victors, nothing was said or done
that could hurt the feelings of their
opponents; in fact, some of the
reformers mingled with the crowd,
feeling now that Mr. Perley was
elected that he was not only the
representative of those who elected
him, but of all the people of the
district. At a late hour the crowd
began to disperse and at two o'clock
Mr. Perley took the train for Moose-
omin where he was feted in the same
enthusiastic manner as at
the other places.

Becher regarded the display of
crapes and other emblems of mourning
on the occasion of the death of a
christian as a heathenish practice.
Consequently after his death Phre-
month church was draped, not in
black, but with flowers, ferns, ever-
greens, etc. The departure certainly
was a novel one, but is it not pre-
dicted by a Christian's faith?

A year ago a Buffalo post
declared that the Canadian Pacific
was a senseless undertaking, coming
from nowhere to nowhere. Now
Buffalo wants to be placed on the
C. P. R. System and the Canadian
that city is quite certain that it
had threatened to manipulate the
two carrying trade. We have to
learn—Canadian American.

THE ELECTION

Though the returns are not yet all in, there are sufficient reports received to decide the result, and that result shows that the Northwest did nobly on Tuesday for the Government. In all the four districts, the Oppositionists did their utmost to secure a verdict against Sir John A. Macdonald's Administration. With one exception their candidates were of the most straight-forward Grit kind, and one of them; perhaps two will not save the election deposit. The territories are a unit in favor of the Government, in fact may be said to carry the banner of Conservatism or progression. The Northwest policy of the Dominion Government, which was denounced in the east, without any suggested alternative except a probable one of retrogression, has received such an endorsement from the people themselves as will justify the Government in its continuance of the fostering and developing policy of the past few years. With the contingent from British Columbia, the Northwest and Manitoba, the next Dominion Parliament will contain a solid phalanx of Western men who will command the respect and attention of the House and Government, and help forward the good work of developing the west as well as the Dominion at large.

EAST ASSINIBOIA.

In this district THE PROGRESS has the proud satisfaction of seeing the candidate which we were the first to mention in that connection in a public manner. We pointed out the fact that Mr. Perley was being looked to by many of the people as a desirable candidate, and since he yielded to the solicitation of many electors from all parts of the district, we have given him our unqualified support. THE PROGRESS does not, however, claim for itself more than the credit of being one of the factors that contributed to his election. The people made him the representative of Eastern Assiniboia by their votes, and he will go to Ottawa conscious of the strength that rests upon an overwhelming majority. Soon after his announcement as a candidate, he was taken up and endorsed by the Conservative Associations of Mooseman, Whitewood, Indian Head, Ft. Qu'Appelle, Qu'Appelle and other places in the district, and his well known mainly independence of character attracted to him men who had not as yet formed any political opinions in this country. In the belief that the Government would be defeated in the East, the Reformers determined to organize, and held a convention at which a candi-

date was nominated to oppose Mr. Perley, simply because he would not avow hostility to the Government, and not because they were able to find a better man, or one who would even bear comparison with him. As the contest went on, in their confidence that Sir John Macdonald and Hon. E. Blake would change places in the next Parliament, but conscious of the personal strength of Mr. Perley and the weakness of his opponent, the idea was put forward by the Grits that in case the Government was sustained on the 22nd February, Mr. Dickie should be withdrawn, but if on the other hand the Government were defeated, then Mr. Perley should be withdrawn, allowing a walk over to either candidate as the case might be. Mr. Perley was not, however, to be caught with chaff of that description. The consequence was that the Opposition forlorn hope was fought out to the bitter end, with the object of giving Mr. Perley all the trouble possible, and getting their organization into shape for future work. The final result has turned out as we all along predicted it would, and no elector in Eastern Assiniboia has any cause to be ashamed of its representative, Mr. W. D. Perley, M. P.

DISALLOWANCE.

It appears from a letter by Mr. D. MacArthur in the Winnipeg Sun that the people of Winnipeg are pushing the provincial and federal governments hard for the discontinuance of the policy of disallowance and legislation favorable to connecting lines of railway in old Manitoba with lines in the United States. The Sun refers to the question and Mr. MacArthur's letter as follows:

"It would seem that there are two projects for building a line to the boundary, one by a company securing a charter under letters patent, and the other by the company referred to in the above letter, which seeks special legislation. As Mr. Robertson very properly pointed out, it is of no consequence to the people of this country what particular man may build the line. What is wanted is 'a line,' and the utmost freedom with regard to legislation so as to secure the interests of the province. This Mr. Norquay has promised, and there is therefore good reason to hope that no impediments will be thrown in the way by the Local Government, but that, on the other hand, the most ample assistance will be given."

NOTES AND COMMENTS.

The Opposition candidate in Alberta will not save his deposit.

The only hope of the would-be "bottle-twister," the Regina Journal, is another general election. Five years is a long time to wait, brother.

West of the Red river which divides the Dominion into two nearly equal territorial parts, there is only one solitary Grit M. P. He must feel lonely.

A petition signed by the Indian chiefs of the Northwest gives testimony of their respect for His Honor Lieutenant-Governor Dowdley, and is an effective answer to the Grit charge of his mismanagement of Indian affairs.

East Assiniboia is the banner district of the banner Northwest, and THE PROGRESS is proud to say that THE banner is carried by a true Northwest man, Mr. W. D. Perley, his majority being the largest of the four gentlemen who noted the Opposition in the territories.

The brother of the Reform candidate in Alberta claims the return of Mr. Burk by a majority of 8, but this is contradicted, and Mr. Dawson's return claimed by a majority of 28.

Ex-Speaker Kirkpatrick states that while in Ontario a prominent French M. P., who voted against the government on the Riel question, told him that Quebec would give Sir John 10 majority sure.

With six friends of the Government from British Columbia, four from the Northwest, and four from Manitoba, all true Britons, the Government may expect to be called on for the best possible legislation affecting the western portion of the Dominion. It might even be said they hold the balance of power, which will be a wholesome thing for the east to ponder over.

The dishonest and disappointed Regina Journal has no answer to the indictment of THE PROGRESS except to again falsify. It pluralizes the single instance in which we said Mr. Perley was "wrongly reported". If the Journal wants an instance of false reporting, it can find it in its own issue of the 24th February in the fourth column of the fourth page, wherein Mr. Dickie is made to say certain things in reference to the liquor question of the Northwest. There a statement is credited to Mr. Dickie which he did not make or even refer to on the occasion reported. In reference to the letter from which the Journal quoted, in attempting to be ironical at our expense, it really pays us a compliment by insinuating that it would be a new departure for THE PROGRESS to substantiate its assertions. The train that an honest and truthful man does not require to substantiate what he says, applies equally well to a newspaper. If the Journal was so anxious as it pretends for substantiation of the truth of our statement that its quotation was dishonest, it should have copied the letter to which it refers, and it would then have found it. However, as Mr. Perley is now elected to Parliament, further bandying of words with the Journal is worse than useless, and if it is capable of enlightenment it will ere long have an opportunity of observing his capabilities as a representative.

BEECHER AT REST.

Brooklyn, March 8.—Rev. Henry Ward Beecher died at 8.30 o'clock this morning. He began to sink slowly after midnight, and the watchers at his bedside soon saw that the end was near. The night wore away, and when morning came, Dr. Searle issued a bulletin proclaiming to the public that death was a question of but a few hours. The patient lay on his back most, the motion of his chest indicating respiration. He was as still as he was when breathing ceased. The room was bright with the morning sun. Near the head of the dying man knelt his aged wife in solemn prayer. By her side were Col. H. S. Beecher and his wife, son and daughters. There were also present W. C. Beecher and wife, Rev. Samuel Scoville and wife, Miss Scoville, Miss Bulford, Rev. S. B. Halliday, S. White, J. B. Pond, and several others. Their heads were bowed in silent prayer and tears flowed unchecked. At 9.30 precisely the regular sound of sonorous breathing which had been heard for hours, suddenly ceased, and all knew that the great preacher had passed to the other world. Beecher never recovered consciousness after paralysis stupified his mind.

A fire in Charlottetown, P. E. I., on Friday night caused a loss of \$27,000.

TO THE EDITOR OF THE PROGRESS.

SIR,—I am pleased to inform you on authority that the terms for the supply of seed grain have been so modified by the Government in favor of the applicants as to include all those who will have their land under cultivation and ready for crop by 1st May next. Also that the form of declaration merely requires a statement that the applicant does not possess the requisite seed grain without any further qualification whatever. The Commissioner further states that he has little doubt that the Government will give favorable consideration to the representations of any settlers who find it necessary to apply for an extension of time for repayment of the grain.

I remain, your obedient servant,
R. DUNDAS STROGO,
Sec.-Treas. Qu'Appelle Agricultural Society.

The first Canadian Pacific steamer is expected to leave Hong Kong for Vancouver early in May.

It is said that there is a great likelihood of the Nord-felt guns being introduced into the Northwest M. P. service. According to the proposed arrangement one weapon will be placed in charge of each post.

To Millers and others in the North-West Territories and in Manitoba, west of the First Principal Meridian only.

SEALED TENDERS, accompanied by One Hundred Pound Samples, and endorsed "Tender for Flour," will be received at the undersigned Indian Agencies in the North-West Territories, up to noon on Friday, the Twenty-ninth of April, 1887.

Forms of tender, giving full particulars relative to the quality, quantity and point of delivery of the flour required, may be had on application to any of the above named Agents, from the Department of Indian Affairs, Ottawa, or from the Indian Commissioner for Manitoba and the North-West Territories, Regina; and no tender will be entertained which is not made out on one of these forms.

Each tender must be accompanied by an accepted cheque, approved by the Indian Agent for the District, for at least five per cent. of the amount thereof, which will be forfeited if the tenderer declines to enter into a contract for flour, or his tender is called upon to do so, or if he fails to fulfil his contract to the satisfaction of the Department. If the tenderer prefers to do so, he may deposit with the Agent, in lieu of an accepted cheque, the notes of any Chartered Bank in Canada to an equal amount. Cheques or cash accompanying tenders not accepted will be returned, but a cheque deposited by a successful tenderer will be retained until the satisfactory completion of his contract. Each tenderer is required to show in his tender the full value of all the flour which he is prepared to deliver under contract, or his tender will not be entertained.

Each tender must, in addition to the signature of the tenderer, be signed by the parties acceptable to the Department, for the proper performance of the contract.

Valuers will be appointed for a portion or for the whole quantity of flour required at any given point.

Tenders, reaching their own Agents before tender for delivery with this notice.

Agency further distant, may specify the tenderer and samples for the most advantageous contract, and the sample submitted by a successful tenderer may be retained by him as a delivery on account of his contract.

In all cases where transportation may be required, the sample submitted by a successful tenderer may be retained by him as a delivery on account of his contract.

The lowest or any tender, not necessarily accepted.

QU'APPELLE.

—'Rah for Perley!
—St. Patrick's Day.
—Hurrah for old Ireland!
—Miss A. McEae has opened a splendid stock of millinery in the premises lately occupied by Dr. Carthew.

—A banquet in commemoration of St. Patrick, the patron saint of Ireland, will be given in the Leland House this evening.

—The magic lantern entertainment in the Methodist church on Friday evening last was excellent. The scenes were well brought out, and were of a first class character. There was a fair audience.

—We have delayed the issue of THE PROGRESS several hours to get in election returns, but they have been very slow, and we are unable to give them as full as we had wished.

—Don't forget the public temperance meeting in the Immigrant building next Monday evening. Addresses will be delivered by Mr. G. C. D. Edmunds and Rev. A. Andrews, and music and other entertainment will be provided.

—Public notice is given that his honor, the lieutenant-governor, has ordered that sittings of the supreme court of the Northwest Territories, for the judicial district of Western Assiniboia, will take place at the town hall, Regina, at 10 o'clock on Monday, 28th March, and Monday, 27th June.

—According to the Courier's report of the Moosomin meeting, Mr. Matthew Ryan said that he "was very glad to hear Mr. Perley say that he was not an Independent, as persons so pretending were seldom really so." The ex-J. P. must have had Hugh Sutherland in his mind's eye.—Manitoba.

—We are pleased to be able to announce that Mr. Shaver, the promoter of the cheese factory has been heard from this week, and has no other intention than to go on with the project. He is coming up from Ontario soon, and will then call a meeting of all who propose to become patrons with the object of completing arrangements.

WE WONDER

—Who showed the white feather?
—Why Dr. Edwards did not vote?

—What constitutes a real householder?

—Whether Dickie will save his deposit?

—If Perley's opposition has not proved as Dickie's loss?

—How many voted on houses rented for the occasion?

—Why gentlemen of unimpeachable character were sworn?

—Who saw any of the Government boodle referred to in Rule 6?

—Where is the Regina Journal's surprise party in East Assiniboia?

—About those majorities that the Dickie men boasted of before the election?

—Why some of the householders who voted on Tuesday forgot where their houses were?

—What fresh fields and pastures new will now be sought by the Liberal-Advance Journal man?

—Whether Dickie will be able to make as good proportionate showing at his home as Perley did at his?

—Whether a man who provides wood for a house for the privilege of staying with the tenant is a householder?

—Whether the territories do not know more about the Government's Northwest policy than Prince Edward Island?

—If the Regina Journal is not tired after grinding out so much vituperation, and still lets Mr. Perley be elected?

THE CRIBLE.

—On A. C. the wife of Mr. J. of the

QU'APPELLE CRICKET CLUB.

A meeting of the members of the above club was held at McEae's Hall on Saturday, 12th inst., at which the following officers were elected for the season of 1887:

President, Dr. O. C. Edwards.
Vice President, W. S. Redpath.
Treasurer, S. H. Caswell.
Secretary, R. Dundas Strong.
Field Captain, G. W. Roberts.
Vice F. Capt., C. D. Thompson.

Committee: Messrs. Osler, Beauchamp, Carthew, Johnston, Causar, Hutton and Flavel.

Scorer, A. J. Baker. Umpire, D. Oliver.

The subscription for the season was fixed for honorary members at \$1, and for playing members at \$2. Applications for membership to be made to the Secretary.

As funds are immediately required for purchasing cricketing material and preparing the ground, etc., it is hoped that all who take an interest in this national game will join the club as soon as possible.

R. DUNDAS STRONG, Sec.

INDIAN HEAD.

—Freight Conductor C. Farrell, while shunting at Indian Head on Saturday, got caught in a frog and was run over. He was immediately taken to Regina and placed in the police hospital where he died the same night. Conductor Farrell was well-known and greatly esteemed on this division, and much sorrow is expressed over the sad occurrence. His legs were terribly mangled. Deceased was a brother of J. D. Farrell, passenger conductor.

—Last Friday night our town scored a great triumph in musical performance. The occasion was a concert given in aid of our Presbyterian church, and socially as well as financially it was a thorough success. Notwithstanding the bad state of the roads, which prevented most friends from our neighboring towns to assist us in our good work; the large hall in the bank hotel was packed with a very appreciative audience. The feature of the concert and we believe a new one in concerts in the Northwest was the rendering of the chorus-songs, "Heather Bell" and "Buy a Broom", by our very young ladies, who sang with great precision and surety. The latter song was given in very becoming appropriate costumes and created enormous satisfaction. The credit of the good execution is due to the leader of the little band, Miss Crawford, who in fact was the originator as well as the manager of the whole concert, and to whom our church is deeply indebted in many ways. Miss Crawford also favored us with a song and with a duet with Mr. D. McLean. Miss Mable Harvey appeared as gypsy and played and sang her part equally well; and little Eva Murray recited: "I wouldn't, would you?" with a just and clear accentuation and a liveliness which charmed the audience. Among the other performers were: Mr. Crawford, M. N. W. C., who gave us one of his always well received collections of Scotch ballads, Mr. Sloane who proved equally at home in Irish as in Scotch songs; Mr. Osment and Mr. Whitelake who rendered some well known songs in a very satisfying manner; Mr. Robertson and Mr. McLean who each sang in their well-known good style. Further Mr. Lyster with a solo on the violin, and Mr. G. Thompson who brought the house down with two funny recitals, in the last of which he showed uncommon talents as a "stupid boy". Last not least our own and only "Jimmy", who executed an unsurpassable nigger song and dance, though we are sorry to say that he scared several children out of their wits with the monstrous faces he made. The chair was occupied by Mr. McKay, who closed this most successful concert with the national hymn.
